GAYLE RANDALL – I have an English Springer Spaniel, Alvie, and a Brittany Spaniel. We have taken 19 classes including FS1, FS 2 and FS 3, Attention 1 & 2, three Rally classes and Tricks and Games.

I love taking classes and working with Alvie. I enjoy the training and I love learning from others. I'm hoping to learn more about showing.

I'm willing to volunteer at club events. I haven't yet because I didn't know was offered. I love learning and experiencing new things with Alvie.

I am an avid reader. I still work full-time. I love taking classes with Alvie. We are selling into our 150-year-old farmhouse and moving to a condo! I love to garden and will now have a much smaller yard. We walk/hike every day. I love to travel.

Sponsors: Margie Wunderle and Laura Comerford

KATRINA KOEHNLE – I have a Rottweiler and we've been taking agility classes on Wednesday mornings for three years.

I'm getting more involved with agility and went to Invitationals last year. I'm getting a puppy, hopefully, in the next few months. I tried agility with my other two dogs before and it didn't work out for them. I have volunteered at trials and am willing to continue to do so.

I'm also a horse-riding instructor, so I have teaching experience.

Alicia Aguilar – I have a Pembroke Welsh Corgi and a Cardigan Welsh Corgi. We've participated in Foundation Skills I, 2, and 3, Beginner Novice, Novice, Beginner Open, Utility A, Future Stars, and Agility 102.

I would like to get more involved in club activities, including helping out with trials. I have an interest in teaching classes eventually as well. I volunteer at all of the agility trials that I am at and try to help out others when they need it and would be willing to continue to volunteer.

I grew up in Oklahoma and moved to Cleveland for the MD/PhD program at Case Western Reserve University. I am currently working on my PhD in Immunology. I have gotten into strategy board games in the past couple years, so I'm doing a lot of that now. I also play the bassoon and piano and like to join games of pick-up soccer when I can.

Sponsors: Kay Wood and Janice Bourell-Casey

3RD READING

BROOKE MACNAMARA AND JOHN YACKAL- *Household membership.* They have two mixed Border collies, Valeria and Valkyrie and are expecting a Norwegian Buhund puppy later this year. John and Brooke are active in agility and have already volunteered at agility trials.

Brooke: I began with Wednesday morning 101 with Jane Bush and Chuck Pilny, followed by the 102 Class Wednesday morning and I am currently in the 9 am slot Wednesday Morning, now taught by Janice Bourell-Casey.

I want to support the club that has supported me through my agility training. I have participated in Agility 101, 102 and now an advanced class. I've volunteered at a CABT sponsored agility trial.

I'm a research professor at Case Western Reserve University. My only active hobby is dog agility as much of my time is spent working. That said, I attend classes weekly and trial on average 6 days/month. I also enjoy watching tennis when I have time.

John: I began with Wed. Morning 101 with Jane Bush and Chuck Pilny. My time slot has moved around a bit the last few years but I am still attending Wed morning with Janice Bourell-Casey.

As I've stepped up my trialing participation over the last year, the Cleveland dog agility community has become my primary social circle in the area. It's a very friendly and supportive community, and I'd like to give back to it by joining Cleveland All Breed where my experience began. I hope to be able to contribute my time in future events and to the club in general.

Since being comfortable enough at trials, I've tried to be helpful to other handlers whenever possible. I've volunteered a little at some club agility trials and plan to help course build at future trials.

I'm a New Jersey boy who came to Cleveland in 2014 when my wife, Brooke was hired at Case Western Reserve University. In NJ, I worked for several years as a paralegal. In Ohio, I'm primarily a house spouse, although I started a small S-Corp during my 2020 Quarantine to publish Dungeons and Dragons game material. My other hobbies include Role Playing Games, Strategy Games, Miniature War Painting and Gaming. I'm a sports fan of Tennis and the Philadelphia Eagles. I grew up with a pair of American Eskimos. A German Shepard once babysat me as an infant (so I'm told.)

Sponsors: Kathie Lester and Janice Bourell-Casey.

TERESA KEMP- Teresa has an Australian Shepherd and an Australian Cattle Dog have taken AKC's S.T.A.R. and Puppy 1 through FS3 and is enrolled in Attention 1 with my Aussie. My ACD has been in FS1, FS2 and FS3.

I'd like to meet people who share my enthusiasm/love for all dog breeds. I'd like to continue elevating my understanding/knowledge of dog obedience, activities, training techniques, etc. CABTC offers an excellent resource to network and grow as a responsible dog owner. I've volunteered multiple times at the Scent trials.

I've been living in the NE Ohio area for 25 years. My husband and I relocated from Denver, Colorado. I work at Emst & Young LLP. I enjoy spending time walking with my dogs in the Metro Parks. Last October 2022, my Aussie and I participated in our first Fast CAT event. My goal is to continue taking courses so we can participate in the agility trials.

Sponsors: Bernadette McFadden and Cindy Chaytor

CANDICE + JASON JENISEK- *Household membership.* Candice and Jason have a Rottweiler mix, Lab mix, American Pitbull Terrier and a Nova Scotia Duck Tolling Retriever.

Shrimp (the Toller) first well-bred dog and I'm hoping to find a community where I can grow with him! I'd love to be able to help him reach his full potential in both the show ring and competition sports. I'm brand new to the club and excited to help out in any way I can! We're both willing to volunteer and would like to volunteer more if available.

I (Candice) just graduated last year with my bachelor's in biology and have spent the past few months building up my pet professional career, offering services such as dog walking, overnight visits, drop ins, excursions and more to the residents of Lake County. I enjoy reading, working with my dogs, hiking, and baking in my free time. I've always had a passion for animals and am excited to bring my

Dad (Jason) into it as well. He used to show Cardigan Welsh Corgi's as a kid but fell out of love with animals as he got older and had some bad experiences. Now, he has a goofy APBT (James) and co-owns Shrimp (Toller) with me and wants to learn more about what it takes to work with dogs in this capacity.

Sponsors: Kara Girvin and Carol Godzick

ALISON DEBROUX- Alison has Shetland Sheepdogs and has participated in obedience, rally, agility, conformation, and puppy classes.

I really appreciate the community and to become more involved. I was a ring steward at the summer obedience trials in 2021 and 2022.

I spent twenty-five years as a video producer and graphic artist. I'm retired now and devote my time to training and showing my dogs. I play clarinet in a community band and editing the monthly newsletter for a local Audubon chapter.

Sponsors: Cheryl Sacerich and Suzanne Stachurski

ROBERT RACHOW- Robert has Border Collies and had participated in many classes, most recently agility contacts, weave pole, advanced beginner agility and trial challenges.

I was a key bearing member and taught agility classes up until 2007 when some circumstances e to have to let my membership lapse. I have been back at CABTC for the last 4 years and forced been very active, helping and working at the agility trials. I have many friends here and some I consider family, and I'm interested in getting back into teaching, as I miss it.

I have 40 plus years in the landscaping field and I'm thankful to work in a field I enjoy. I'm an avid gardener and I enjoy kayaking, biking, hiking and just about anything outdoors. I have a strong work

ethic, good sense of humor (with filters) and I'm good with people. Of course, dog training is my passion. I enjoy hard work and have a strong sense of responsibility.

Sponsors: Jean Bonness and Sue McGinty

MARHTA CALWELL- Martha has a Belgian Sheepdog and a Belgian Tervuren and has attended agility run throughs and B Matches at CABTC. Many years ago I took 2x2 weave training.

I'd like to join CABTC to participate in a community with other people who love working with and spending time with their dogs. I volunteer at both agility and scent trials. At agility trials I also assist with clean up and packing after the trial. I have also helped with running B-Matches.

I have worked as a database project manager at Ernst & Young for over 20 years. In my free time I enjoy working with my dogs in agility, scent work, fast cat and dock diving. Most of my weekends are spent doing one of those activities. In addition to dog sports I participate in a book club with co-workers. I also love to organize volunteer events at the Cleveland Food Bank and managing our adopt a family holiday program for my team and Ernst & Young.

Sponsors: Debbie Sacerich and Cindy Chaytor

We are looking to update the CABTC website with pictures of members' dogs. If you have some you would like to share, please send them to our webmaster, Chuck Pilny at cpilny@twc.com. Landscape format is the best.

If you notice any corrections that need to be made to the information on our website, please contact Chuck Pilny at cpilny@twc.com.

Thanks,

Chuck Pilny & Steve Likevich

Thanks to Carolyn Lincoln and Kara Girvin, we have active social media sites!

Carolyn manages the [Cleveland All-Breed Agility](#) Facebook group. If you're a group member you are permitted to post anything agility related. You don't need to send your post to Carolyn first for approval.

Kara manages the [Cleveland All-Breed Training Club](#) Facebook page. She's also working on our [Twitter](#) and [Instagram](#) accounts. Don't forget to follow, friend and like us on social media! That's a great way to keep up with what everyone is doing.

There is a **FREE STUFF CORNER** in the Gathering Area. Donations from AG, SCWK, and other stuff from deep in storage. Please take a look in the corner and take it away!

If anyone else finds stuff that is no longer needed for classes, please feel free to add it to the **FREE STUFF CORNER!**

AND...as more stuff is found it will be added to the corner, so keep checking back. I'm working my way around the storage areas and corners to organize what we have and free up space where possible. The Maintenance cabinets and the space over the bathrooms in Suite B are on the list.

Enjoy, there may be some real treasures in there...

When we give dogs the chance to express who they are, we can embrace them, support them, and guide them. Sometimes we dream of who we want our dogs to be and get frustrated when they aren't what we dreamt of. This is usually because unrealistic expectations have been set by society and on social media. When people realize that their dogs have their own personalities, they start to realize that with a little guidance and understanding they can nurture their dog's personality which creates its own individual dream dog. It may be a different dream to the one you had planned, but it's often better!

Embrace those beautiful personalities. ❤️

“OLD FART DOGS”

And of course, I cannot close this book without another nod to the card carrying members of the Old Fart Club. Somewhere around 10-12 years old, even the most brilliantly trained dogs join the secret Old Fart Club. Membership in this time honored dog club can be seen in the cool, steady gaze of a dog who has indeed heard you, understands the request, but whose response is, “I think you’ve mistaken me for some young dog who needs training.” This is almost always with regards to things they would rather skip or don’t care about. Or sometimes it’s something they used to care about and now don’t. For things of interest, they are usually still sharp and alert. Do I apply PPP to members of the Old Fart Club? No. I adjust my list of real life rewards for that beloved old friend. I add more things to their “Would Rather Not” list, and remind myself to be gentle and generous when asking my aging pal for anything on that list. And very often, I laugh,...

GOVERNMENT RELATIONS DEPARTMENT

E-Learning courses

Let me preference this by saying I personally think CABTC has the best Obedience & Rally stewards ever. AKC Education Dept has finally released [Rally & Obedience Stewarding eLearning courses](#). These are free.

Also, the GR (Government Relations) has made available through the AKC Canine College (not free) a 7-module online course 'Confident Puppy E-Learning'. I have not seen either one of these.

AKC Fetch title, events as of January 2, 2024

The AKC says "Beginning with the premise that one of the most popular activities that dog owners do with their dogs is retrieving a ball". AKC Fetch will be a fun program with four titling levels including Novice, Intermediate, Advanced, and Retriever. Each level requires 2 passes. Further, the skills learned for each of the titles (e.g., remaining steady at the line until the ball is released) are related to future success in other AKC sports.

Tripod (3-legged) Dogs in Rally and Obedience Classes Without Jumps – 18-month pilot program.

There are two classes in Obedience and three classes in Rally that do not involve jumping. Currently tripods are not allowed to participate as they are considered lame. At least one tripod already competes in Agility.

An 18-month pilot program, allowing tripod dogs to participate in the non-jumping obedience and rally classes, was approved by the AKC Board of Directors, **beginning July 1, 2023, and ending December 31, 2024**. The sport specific regulation language in Chapter 1, Section 17 will be amended to read: Dogs disfigured as the result of accident, injury, or illness are eligible to compete provided the disfigurement does not interfere with functional movement. A dog that shows no signs of physical discomfort is to be considered fit to compete. The judge must excuse a dog as "unfit to compete" if the dog demonstrates sickness, discomfort, or pain while performing. All Obedience and Rally judges will receive notifications and regulation inserts will be published.

Agility League Update

Last year the AKC contacted me regarding my ideas/opinion on starting an Agility League. I told them absolutely. Way back when we were in Suite H, CABTC participated in an international agility league. We anxiously awaited the results to see how we compared with countries. There are Leagues for all kinds of events so I said "why not". Since then, the AKC Agility League has really taken off. The current season has 200 teams (including those from Alaska & Hawaii), about 910 handlers and more

than 1,200 dogs competing. Listening to the handlers, they have added more classes. The first League “live” championship is planned for September 2-4, 2023, at Purina Farms in Gray Summit, Missouri. The event is open to all teams and dogs that have successfully completed a league season since the program began with the pilot season. All levels will be offered including Sophomore (Open) and Freshman (Novice). **AKC.tv will livestream the event.**

Tracking recommendations - to be further discussed

It has been recommended by exhibitors in Tracking to **allow the dog to wear protective eye goggles** to avoid eye injury from various plants and seeds found in tracking areas across the country. Protective coats and footwear are currently allowed.

It has also been recommended that **Recording Devices** not be allowed. There has been an increase in exhibitors using various recording devices, while on the tracking field, and then challenging the decision of the judges both at the test, and after the test on social media. BTW, this is not to be confused with tracking devices used in Pointing Breed Hunt Tests/Field Trials.

Coursing - Change to Muzzle Description - to be further discussed

There was a recommendation to update the description of acceptable muzzles that may be worn in Lure Coursing, CAT, and Fast CAT® events. The dog must be able to open its mouth to breathe freely. If approved, would become effective August 1, 2023.

Rally Choice

Offering the **Rally Choice class** is no longer a choice. It must now be offered!

Approval No Longer Needed for New Sites for Obedience and Rally

In past years, AKC has never rejected an approval for a new site in Obedience or Rally. Therefore, clubs no longer have to fill out paperwork for a site change. One of the goals of the AKC Sports & Events department is to make it easier for clubs to host events. The Companion Events department has modified the site approval process for obedience and rally events. Clubs do not need to submit a form with drawings when considering new sites, but must adhere to the requirements stated in the sport-specific regulations and in the [AKC Obedience-Rally Trial Manual UPDATE 5-2023](#).

It is the responsibility of the event-giving club to provide a site that will accommodate the ring requirements as specified in the sport-specific regulations. This includes minimum/maximum ring sizes and general ring conditions (See 4-32 in the Trial Manual). In addition, the building must be ADA-compliant and provide sufficient parking and restrooms for the number of anticipated people. The club must be aware of inclement weather conditions, ensure water is available on site, and provide appropriate safe crating areas for the dogs. Performance rings should be as free as possible of any obstructions, such as columns and/or poles. If there are any unusual conditions exhibitors should be aware of, it is strongly recommended this information be published in the premium list.

Update to Conflict-of-Interest Policies Related to Judges

The AKC Board of Directors at its May 2023 meeting voted to modify the exhibiting restrictions related to judges who teach conformation or obedience training classes and judges who use the services of a handler. In addition, the Board voted to establish a formal period of ineligibility for those who formerly co-owned dogs with judges.

- Modified the period of ineligibility in conformation for individuals and dogs who have attended conformation or obedience classes, in-person or virtual, taught by a judge from one year to six months.
 - Modified the period an agent or member of their household may not exhibit dogs under a judge who has used their services of an agent from at least four to at least six months after working for the judge.
- Established a defined six-month period of ineligibility for individuals who co-own dogs with judges after the end of all co-ownership arrangements. This applies to equally to members of the same household for the judge and/or co-owner.

Health Services and Breed Characteristic Special Attractions

The AKC supports clubs offering health services and breed characteristic special attractions at their events. These special attractions may not be conducted in a ring and should be held in a location away from congestion and heavy traffic to provide a conducive atmosphere for the special attraction.

FSS Open Show Regulation Change

An adjustment was made to the FSS Open Show regulations to clarify that clubs may restrict their competition to the breed they were formed to serve or they can offer competition for all FSS breeds.

AKC Event Operations Blog

The AKC Event Operations team maintains a blog that contains these, as well as other, updates to clubs. The blog is a useful resource of information and can be found at <https://akceventoperations.wordpress.com/>.

Please contact the Event Operations department at eventnews@akc.org with any questions.

Another Over the Moon in June Rally Trial is in the books. There are so many people to thank that it's hard to even know where to begin!

We would like to thank the Committee: Deborah Foster-Koch, Trial Secretary, Bernadette McFadden, Bobbie Dulaney, Jane Hook, Karen Abbey, Shirley Riley, Connie Rigotti and Kris Zelinski. Without this hard working crew, there wouldn't have been a Rally Trial last weekend.

We would also like to give a huge thank you to our amazing stewards! They worked tirelessly throughout the trial and kept us on track. Thank you all!

There are also a couple of other Club members who were willing to step up and assist at the last minute. Thank you, Marie Albano and Diane Hach. You are both incredibly generous!

There were so many special moments during the weekend, both in and out of the ring. The many acts of kindness witnessed, and the kind words shared will last for a long time. Thank you all.

This was our first time to have gift baskets and we had quite a lovely turnout with 15 different baskets, including an ex pen. To those who either made a donation or purchased tickets, thank you, thank you, thank you!

And last but not least, to all the handlers and their incredible dogs: thank you! We look forward to seeing you again next year!

Cheers,
Margie Wunderle
Laura Comerford

We'd like to offer special thanks to our corporate donors, without your generous support we wouldn't be able to provide our handlers such generously loaded swag bags. We had 14 gift baskets and an X-pen donated by corporate sponsors and club members for our raffle. Many thanks to you all!

Maya (RACH Glamours Monopoly Madness SH WCX CD AX OAJ) completed her senior hunt title. It was quite a project. This title I had never done before. It was a lot of work and a lot of travel. It truly took a village, Jan and Rich Kren for their support and four great teachers, Christy Thomas, Carol Young, Ann Lynn and Pat Rose who got me started. Thanks also to my Maya. The hardest working girl in town.

Judy Askew

Butter earned her RE Rally Excellent title with a 100++++ on time 6/24 at CABTC.

Linda MacDonald

A very stressful two days, but Team Chase earned the Third-Place ribbon in the Master Class at the 2023 AKC RNC.

Joanne Kazar

Xtra was in her first trial. CABTC along with Buckeye Tracking Club held a Scent Trial. Xtra was entered in Interior and Container both morning and afternoon. She qualified in all four, taking 1st place (11.9 seconds) and qualifying in Interior and taking 3rd and 4th place in container. Thank you, Cindy Chayter and Kathy Lester, for all your support. She sure did learn fast. So proud of my baby girl. Thanks,

Sandy Novicky

In May Taylor (CH Elyan Bluefox Night Moves BN, RA, ACT1, FDC, CAX, FCAT, SWA, RATN, CGCA, TKN, ATT, IT, VC, ROMB-V) earned her Beginner Novice in Obedience in Medina's Amazing Spring trial.

Then in June during Cleveland All-Breed Over the Moon in June, she earned her Rally Advanced title.

On to July and she passed the ACT 1 agility trial held at Cleveland All-Breed!

Thank you to all the trial organizers and to my CABTC friends who've been helping me on our incredible journey and to make a life-long dream come true.

I'm so lucky to have this spectacular, hardworking girl in my life.

Laura Comerford

Dare and I had a great spring in NACSW Nosework! Dare earned his NACSW NW3 on May 21! He did so in style with High-In-Trial and all around Pronounced!

Then on June 3, he earned his second NW3 title with a second place and another all around Pronounced!

Finally, at CABTC June Scent trial, he earned his Advanced Exteriors (SEA) title and the overall Scent Work Advanced (SWA).

Ann Smorado

We are pleased to share that Sassy (Silverbay Champagne Girl) completed her Puppy 1 class and earned her STAR puppy certificate.

Bill and Margie Wunderle

A picture from Rally National Championship, we had a great time, and competed in Excellent. We had two 99's but ended up with a score of 292 and 24th out of 111 in our group. This was our first time at a national event and Ivy (Sunfire Lady of Vine Court) was great!

Thanks

Bernadette McFadden and Ivy

Wynwood's Life Is Good, SH, WC, (Zoe) earned her Senior Hunter Title this past June. In order to receive your title, you have to pass 4 hunting retriever tests. Zoe was entered in 6 and passed all of them.

Thanks,

Joan Durback
