

Cleveland All-Breed Training Club is proudly hosting a two-day scent
work seminar with TONY GRAVLEY

"Detective Workshop"

Thursday and Friday, September 19- 20, 2024, 9 a.m. to 4 p.m.

Location: Brooklyn Heights Community Center
225 Tuxedo Ave., Brooklyn Hts., OH 44131

Tony's training plan is based on his years of training professional detection dogs and teams. The bomb dog must have total focus and desire to find odor, solve the problem, and locate source. This workshop will not only tap into problem solving but will give your dog the tools to solve problems and bring out motivation to get to source like you have never experienced before! Tony will be focusing the workshop on developing skills needed to succeed at the AKC Detective Scent work level. More importantly, your understanding of the "how's" and "why's" will be clarified to make you a more effective trainer. Both your training plan and your future trialing experiences will benefit from your newly gained knowledge.

Tony will work with 12 teams. Working spots are geared toward dogs that have succeeded with the AKC Excellent levels or above. Auditor spots will be limited; the quantity will be determined once working spots have been confirmed.

Tony Gravley is the owner and founder of Next Generation K9, TWG Group LLC. He has over 30 years of experience as a trainer, instructor, manager, and handler of police and military working dogs.

WORKING SPOTS:

A handler may only work one dog per Working Spot.

Dogs need to have succeeded with AKC Excellent levels or above. If you compete in a venue other than AKC, please indicate on your registration what successes you have had in another venue.

Crating will be in the car in the facility's parking lot. Working dogs should be comfortable (& non-disruptive) while waiting for their turn. The handler should expect to work out of his or her car and stage away from the search areas, so you may not be able to watch other working teams. Please consider this when deciding whether to apply for a Working Spot.

Working Spots are limited — applying for a Working Spot does not guarantee acceptance. In the event of cancellations, preference for Working Spots will be given to those on the Wait List and then to those registered for Auditing Spots.

AUDITING SPOTS:

In order to allow for maximum working time for the working dogs, auditors need to hold their individual questions until breaks or lunch.

WHAT TO BRING:

For Everyone — a portable chair; note-taking supplies and snacks.

Bring your own lunch or you can order a box lunch at an additional cost. Please see registration form
